Trade name: FÜLLSPACHTEL

Product no.: LSP

Current version : 1.0.0, issued: 14.12.2023

Replaced version: -, issued: -

Region: GER

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier Trade name

FÜLLSPACHTEL

1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses of the substance or mixture Chemical product for building, modernising and repairing.

Uses advised against No data available.

1.3 Details of the supplier of the safety data sheet

Address LUGATO GmbH & Co. KG Großer Kamp 1 D-22885 Barsbüttel Telephone no. +49 (0)40 694 07-0 Fax no. +49 (0)40 694 07-109 + 110

1.4 Emergency telephone number

No data available.

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification information

This product is assessed and classified using the methods and criteria below referred to in Article 9 of Regulation (EC) n° 1272/2008:

Physical hazards: determined through assessment data based on the methods or standards referred to in part 2 of Annex I to CLP

Health hazards and environmental hazards: determined through toxicological and ecotoxicological assessment data based on the methods or standards referred to in Part 3, 4 and 5 of Annex I to CLP. This product does not meet the classification criteria given in the Regulation (EC) No 1272/2008 (CLP).

2.2 Label elements

Labelling according to Regulation (EC) No 1272/2008 (CLP Regulation)

Hazard pictograms

Signal word

Hazard statement(s)

Hazard statements (EU) EUH208

Contains 1,2-benzisothiazol-3(2H)-one. May produce an allergic reaction. Warning! Hazardous respirable droplets may be formed when sprayed. Do not breathe spray or mist.

Precautionary statement(s)

2.3 Other hazards

EUH211

No data available.

SECTION 3: Composition/information on ingredients

3.1 Substances

Trade name: FÜLLSPACHTEL

Current version : 1.0.0, issued: 14.12.2023

Product no.: LSP

Replaced version: -, issued: -

Region: GER

Not applicable. The product is not a substance.

3.2 Mixtures

Chemical characterization

Preparation containing hazardous components given in the following list.

	Hazardous ingredie	nts		
No	Substance name		Additional information	
	CAS / EC / Index /	Classification (EC) 1272/2008 (CLP)	Concentration	%
	REACH no			
1	titanium dioxide; [i	n powder form containing 1 % or more of		
	particles with aeroo	dynamic diameter ≤ 10 μm]		
	13463-67-7	Carc. 2; H351i	1,00 - 4,00	wt%

inhalational; -; -

SECTION 4: First aid measures

4.1 Description of first aid measures

General information

In case of persisting adverse effects, consult a physician. Remove contaminated clothing and shoes immediately, and launder thoroughly before reusing.

After inhalation

Ensure supply of fresh air.

After skin contact

In case of contact with skin wash off immediately with soap and water.

After eye contact

Remove contact lenses. Rinse eye thoroughly under running water keeping eyelids wide open and protecting the unaffected eye (at least 10 to 15 minutes). Seek medical assistance.

After ingestion

Rinse out mouth and give plenty of water to drink. Seek medical advice immediately. Never give anything by mouth to an unconscious person.

4.2 Most important symptoms and effects, both acute and delayed No data available.

4.3 Indication of any immediate medical attention and special treatment needed No data available.

SECTION 5: Firefighting measures

Trade name: FÜLLSPACHTEL

Product no.: LSP

Current version : 1.0.0, issued: 14.12.2023

Replaced version: -, issued: -

Region: GER

5.1 Extinguishing media

Suitable extinguishing media

Alcohol-resistant foam; Dry chemical extinguisher; Water spray jet; Carbon dioxide

Unsuitable extinguishing media No data available.

- 5.2 Special hazards arising from the substance or mixture
 - In the event of fire, the following can be released: Carbon monoxide and carbon dioxide

5.3 Advice for firefighters

Use self-contained breathing apparatus. Use suitable protective clothing. Cool endangered containers with water spray jet.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

For non-emergency personnel Refer to protective measures listed in sections 7 and 8.

For emergency responders

No data available. Personal protective equipment (PPE) - see Section 8.

6.2 Environmental precautions

Do not discharge into the drains/surface waters/groundwater.

- **6.3** Methods and material for containment and cleaning up Pick up with absorbent material (e.g., sand). Send in suitable containers for recovery or disposal.
- 6.4 Reference to other sections No data available.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Advice on safe handling

Ensure adequate ventilation. Refer to protective measures listed in section 8.

General protective and hygiene measures

Do not eat, drink or smoke during work time. Keep away from foodstuffs and beverages. Wash hands before breaks and after work.

Advice on protection against fire and explosion No special measures necessary.

7.2 Conditions for safe storage, including any incompatibilities

Technical measures and storage conditions

Store in a dry place. Protect from atmospheric moisture and water. Keep from freezing. Keep only in the original container in a cool, well ventilated place.

Requirements for storage rooms and vessels

Keep in original packaging, tightly closed.

Incompatible products

Do not store together with: oxidizing agents; Acids

Stoarge Class according TRGS 510 10-13 Combusti

Combustible and Non-combustible liquids and solids that cannot be assigned to storage class 1-8.

7.3 Specific end use(s)

No data available.

SECTION 8: Exposure controls/personal protection

Trade name: FÜLLSPACHTEL

Product no.: LSP

Current version : 1.0.0, issued: 14.12.2023

8.1 Control parameters

DNEL, DMEL and PNEC values

DNEL values (worker)

No	Substance name			CAS / EC no	
	Route of exposure Exposure time Effect			Value	
1	titanium dioxide; [in powder form containing 1 % or more of particles with aerodynamic diameter ≤ 10 μm]			13463-67-7 236-675-5	
	inhalative	Long term (chronic)	local	1,25	mg/m³

DNEL value (consumer)

No	Substance name			CAS / EC no	
	Route of exposure	Exposure time	Effect	Value	
1	titanium dioxide; [in powder form containing 1 % or more of particles with		13463-67-7		
	aerodynamic diameter ≤ 10 µm] 236-675-5				
	inhalative	Long term (chronic)	local	210	µg/m³

Other information

Measuring method for determining the dust concentration: according to BIA worksheet 7490.

8.2 Exposure controls

Appropriate engineering controls

No data available.

Personal protective equipment

Respiratory protection

If workplace exposure limits are exceeded, a respiration protection approved for this particular job must be worn.

Eye / face protection

Safety glasses with side protection shield (EN 166)

Hand protection

Sufficient protection is given wearing suitable protective gloves checked according to i.e. EN 374, in the event of risk of skin contact with the product. Before use, the protective gloves should be tested in any case for its specific work-station suitability (i.e. mechanical resistance, product compatibility and antistatic properties). Adhere to the manufacturer's instructions and information relating to the use, storage, care and replacement of protective gloves. Protective gloves shall be replaced immediately when physically damaged or worn. Design operations thus to avoid permanent use of protective gloves.

Appropriate Material	butyl		
Material thickness	>	0,4	mm
Breakthrough time	>	60	min
Appropriate Material	nitrile rubber		
Material thickness	>	0,4	mm
Breakthrough time	>	60	min

Other

Light protective clothing

Environmental exposure controls No data available.

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

State of aggregation			
liquid

12.4 Mobility in soil

No data available.

- **12.5 Results of PBT and vPvB assessment** No data available.
- **12.6 Endocrine disrupting properties** No data available.

12.7 Other adverse effects

No data available.

12.8 Other information

Other information

Do not discharge into drains or waters and do not dispose of in public landfills.

SECTION 13: Disposal considerations

13.1 Waste treatment methods

Product

Allocation of a waste code number, according to the European Waste Catalogue, should be carried out in agreement with the regional waste disposal company.

Packaging

Completely emptied packagings can be given for recycling. Packaging that cannot be cleaned should be disposed of in agreement with the regional waste disposal company.

SECTION 14: Transport information

14.1 Transport ADR/RID/ADN

The product is not subject to ADR/RID/ADN regulations.

14.2 Transport IMDG

The product is not subject to IMDG regulations.

14.3 Transport ICAO-TI / IATA

The product is not subject to ICAO-TI / IATA regulations.

Trade name: FÜLLSPACHTEL

Product no.: LSP

Current version : 1.0.0, issued: 14.12.2023

Replaced version: -, issued: -

Region: GER

14.4 Other information No data available.

no dala avaliable.

14.5 Environmental hazards Information on environmental hazards, if relevant, please see 14.1 - 14.3.

14.6 Special precautions for user No data available.

14.7 Maritime transport in bulk according to IMO instruments Not relevant

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture EU regulations

Regulation (EC) No 1907/2006 (REACH) Annex XIV (List of substances subject to authorisation)

According to the data available and/or specifications supplied by upstream suppliers, this product does not contain any substances considered as substances requiring authorisation as listed on Annex XIV of the REACH regulation (EC) 1907/2006.

REACH candidate list of substances of very high concern (SVHC) for authorisation

According to available data and the information provided by preliminary suppliers, the product does not contain substances that are considered substances meeting the criteria for inclusion in annex XIV (List of Substances Subject to Authorisation) as laid down in Article 57 and article 59 of REACH (EC) 1907/2006.

Regulation (EC) No 1907/2006 (REACH) Annex XVII: RESTRICTIONS ON THE MANUFACTURE, PLACING ON THE MARKET AND USE OF CERTAIN DANGEROUS SUBSTANCES, MIXTURES AND ARTICLES

The product contains following substance(s) that are considered being subject to REACH regulation (EC) 1907/2006 annex XVII.

No	Substance name	CAS no.	EC no.	No	
1	1,2-benzisothiazol-3(2H)-one	2634-33-5	220-120-9	75	
2	titanium dioxide; [in powder form containing 1 % or	13463-67-7	236-675-5	75	
	more of particles with aerodynamic diameter ≤ 10				

Directive 2012/18/EU on the control of major-accident hazards involving dangerous substances

This product is not subject to Part 1 or 2 of Annex I.

Directive 2010/75/EU on industrial emissions (integrated pollution prevention and control)VOC-value<20</td>g/l

Other regulations

µm]

Employment restrictions, according to the regulations for protection of expectant and nursing mothers and the youth health and safety regulations, serving to protect against hazardous materials, should be observed.

National regulations

Water Hazard Class (Germany)

Class Source

Classification according to AwSV (Regulation on facilities for handling substances that are hazardous to water).

Other regulations

GISCODE: ZP1 "cement-containing products, low in chromate"

15.2 Chemical safety assessment

A chemical safety assessment has not been carried out for this mixture.

SECTION 16: Other information

Sources of key data used to compile the data sheet:

Trade name: FÜLLSPACHTEL

Product no.: LSP

Current version : 1.0.0, issued: 14.12.2023

Replaced version: -, issued: -

Regulation (EC) No 1907/2006 (REACH), 1272/2008 (CLP) as amended in each case. Directives 2000/39/EC, 2006/15/EC, 2009/161/EU, (EU) 2017/164. National Threshold Limit Values of the corresponding countries as amended in each case. Transport regulations according to ADR, RID, IMDG, IATA as amended in each case. The data sources used to determine physical, toxic and ecotoxic data, are indicated directly in the corresponding section. Full text of the H- and EUH- phrases drawn up in sections 2 and 3 (provided not already drawn up in these sections) H302 Harmful if swallowed. H315 Causes skin irritation. H317 May cause an allergic skin reaction. H318 Causes serious eye damage. H351i Suspected of causing cancer by inhalation. H400 Very toxic to aquatic life. H411 Toxic to aquatic life with long lasting effects. Notes relating to the identification, classification and labelling of substances and mixtures ((EC) No 1272/2008, Annex VI) If the substance is to be placed on the market as fibres (with diameter < $3 \mu m$, length > 5 μ m and aspect ratio \ge 3:1) or particles of the substance fulfilling the WHO fibre criteria or as particles with modified surface chemistry, their hazardous properties must be evaluated in accordance with Title II of this Regulation, to assess whether a higher category (Carc. 1B or 1A) and/or additional routes of exposure (oral or dermal) should be applied. W It has been observed that the carcinogenic hazard of this substance arises when respirable dust is inhaled in quantities leading to significant impairment of particle clearance mechanisms in the lung. This note aims to describe the particular toxicity of the substance; it does not constitute a criterion for classification according to this Regulation. The concentration stated or, in the absence of such concentrations, the generic 1 concentrations of this Regulation (Table 3.1) or the generic concentrations of Directive 1999/45/EC (Table 3.2), are the percentages by weight of the metallic element calculated with reference to the total weight of the mixture.
